

# WELCOME TO Travel Safe 360

# TRAVEL SAFETY. SOLVED.

You know that travel risk management is a critical part of keeping your people safe, but how do you do that effectively and efficiently?

That's why we developed Travel Safe 360 – the most comprehensive travel risk management solution ever. Travel Safe 360 really is the one-stop-shop solution you've been looking for, generating automated, individually-tailored travel risk assessments, leveraging live risk ratings and introducing hyper-intelligent check-in technology all in one app, to ensure that, with Travel Safe 360, your people have never been safer.

# Comprehensive Admin Console

We believe that, with Travel Safe 360, your people have never been safer, and the admin console is a core part of why we believe it. You get all the information you need presented in one clear, concise view, meaning that keeping track of your people while they travel has never been easier.

You can see how many travellers you have on a trip, if any of them are above your pre-set acceptable level of risk, if any travellers have missed a check-in and if anyone has requested assistance – all on one screen. Easy.

# Individual Travel Risk Assessments

Traditional travel risk management solutions only offer travel risk assessments based on the country you're visiting. Travel Safe 360 is the first solution in the market to factor the traveller into the equation, offering fully-tailored assessments for each traveller, complete with targeted, relevant training recommendations.
